

Alison McKinna - OnBoarding Officers Super NED

Alison is a long serving Non-Executive Director within the NHS, with corporate experience across multiple complex industry sectors. Alison's NED position is Non-Exec at Chesterfield Royal Hospital Foundation Trust. Member of Board, Remuneration, Audit and Risk. Chair of Finance and Performance. Board assurance accountability for Integrated Care System and partnership development, and IT strategy.

As a NED Alison has spent three years with the Derbyshire Primary Care Trust which managed an NHS commissioning budget of £1 Billion covering all health services across Derbyshire.

For the last 7 years Alison has been a NED at Chesterfield Royal Hospital which has seen improvement in regulatory rating to "Good", solid financial and operational performance, vertical integration in to Primary Care GP services and the cation of a wholly owned subsidiary.

She is an accomplished strategic and client focused business leader with a successful track record of reconfiguring blue-chip organisations, developing strategic vision, facilitating Board decision making, and then delivering results through high performing teams.

Alison drives innovation and change through strong team communication and people development skills, including internal and external stakeholder networks. She has worked in six different industry sectors including utilities, financial services, insurance, software development and legal services.

She has experience of organic growth, acquisition identification and integration, new international territory development and new product development. Alison enjoys building client centric, results driven and commercially successful businesses from multiple parts including governance, business planning, risk management, acquisitions, integration, change management and operations.
